THE AMP ADVANTAGE

Nothing beats tried and true. That's exactly what you get in the AMP Advantage family of sills.

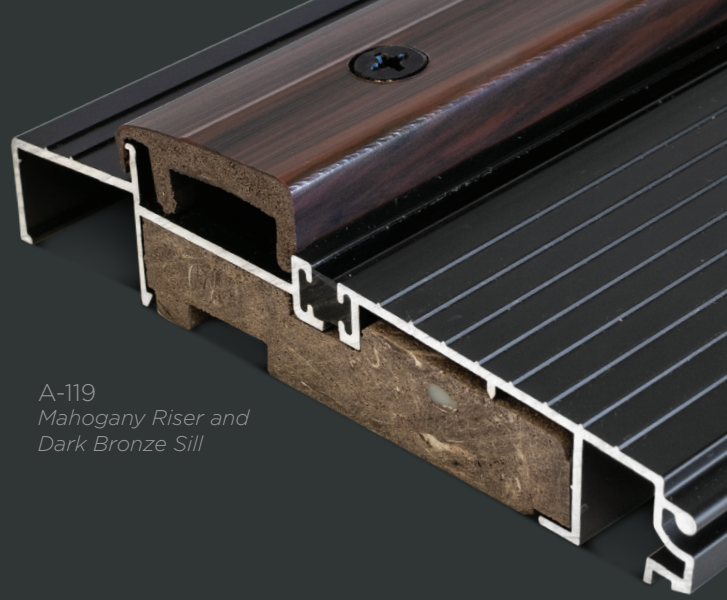

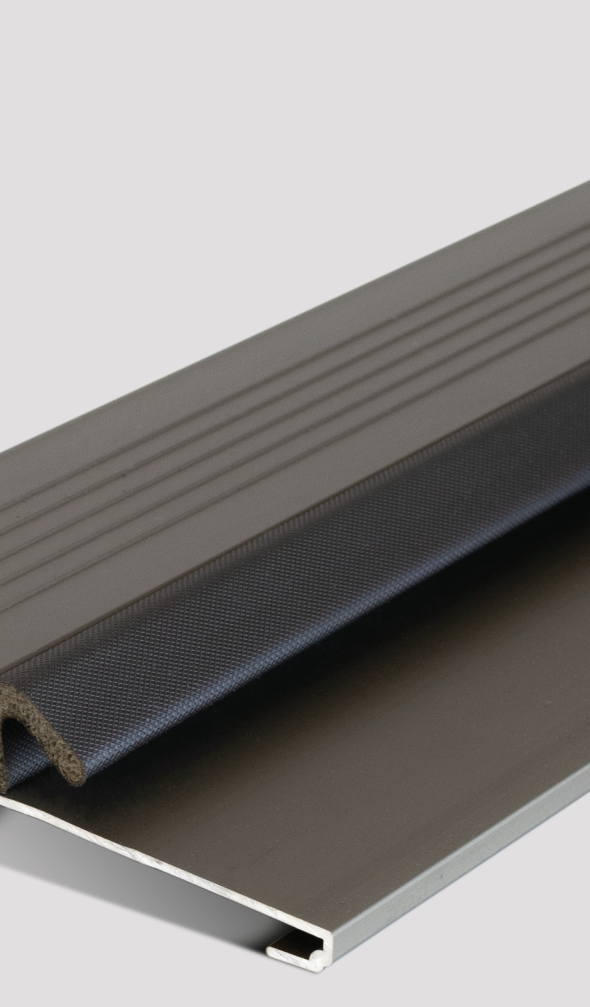

Available in a wide array of styles and sizes, AMP Advantage sills come in both inswing and outswing variations with high and low dam configurations and various substrate and riser options. Beyond synthetic risers, many AMP Advantage sills are available with durable aluminum risers and fire rated configurations, as well as real Oak risers for the authentic look and feel of wood in the finest entryways.

Time tested and field approved over AFCO Millwork Products' decades of market service, AMP Advantage sills provide great quality and value to any exterior door.
